CAREER OBJECTIVE

Looking for an opportunity to start my career in IT, enhance my technical skills, and contribute to the success of the organization.

WORK EXPERIENCE

Flutter Development - Internship

Nov 2025 - Dec 2025

Model Finishing School, Kozhikode

This internship provided practical exposure to real-world application development. During the internship, I was able to apply my theoretical knowledge to develop mobile applications using Flutter, which helped in gaining a deeper understanding of the concepts. Helped in developing both technical and soft skills.

Artificial Intelligence (AI) - Internship

Jul 2025 - Aug 2025

NIELIT CALICUT, Kozhikode

This helped me understand how AI concepts are actually implemented in practice. The guidance and support from the instructors and mentors played a significant role in my learning process.

EDUCATION

Bachelor of Computer Applications (BCA), Computer Application

2024 - 2027

College Of Applied Science IHRD, Kozhikode

SKILLS

- Python
- C Programming

ADDITIONAL DETAILS

- Completed a project during a Flutter development internship and received recognition from the mentor for timely and successful completion.
